

NOVEMBER 2023

HARMONIOUS CONTRASTS OF DETAILS AND STYLE

A symphony of sharp accents balanced with silent pauses comes to life in **Dylan**, a modular seating system where the contrast between essential lines and a richly detailed couture-inspired aesthetic merge into one unique whole.

Rigorous but accommodating, **Dylan** is contemporary and classic at the same time. With its articulated volumes and the embracing curves of its armrests and backrests, it is like a bespoke three-dimensional suit able to fit the spaces it adorns and the people it welcomes perfectly.

From the sophisticated look of the raised base to the customisable fabric and leather combinations, **Dylan** exudes an aesthetic spirit that is further highlighted by the refined stitching of the seat and back cushions. It is a showcase of signature design, with unprecedented modularity and flexibility.

Featuring pure yet comfortable forms, the Dylan seating system embodies the legacy of designer and architect **Rodolfo Dordoni**, seamlessly embracing the rational and elegant style of the Milanese master.

Dylan's versatility also extends to the more compact **Dylan Small**, designed for metropolitan and Hospitality spaces alike, and **Dylan Low**, featuring a more classic personality that caters to a formal taste.

Blending Italian sartorial tradition with the language of global design, this unique piece effortlessly meets the diverse needs of modern living.

Dylan and all the latest furnishing pieces from the **2023 Collection** await you in all flagship stores and authorised Minotti dealers worldwide: a special opportunity to get a closer look at all its outstanding characteristics.
