

NOVEMBER 2023

2023 COLLECTION JUST LANDED IN MUNICH

The flagship store **Minotti München by Egetemeier Wohnkultur** welcomes the **2023 Collection** into its showroom, emphasised by natural light and characterised by a refined alternation of materials and colours.

Grey concrete floors, wood panelling and marble-clad walls give life to an elegant welcoming space, designed by **Minotti Studio**, that recreates a real suggestion of the ideal Minotti home.

The modular seating system **Dylan**, together with the exquisite **Brady** coffee table, both designed by Rodolfo Dordoni, and the **Torii Bold** armchairs by Nendo, upholstered in a Prince of Wales check, bring alive a living area that reflects the brand's manufacturing savoir-faire.

A palette that is further enriched with warm colours inspired by nature: the star of the night area is the **Twiggy Bed** designed by Rodolfo Dordoni, distinguished by a refined sartorial taste, standing out in Nabuk leather, in the Moka colour.

Completing the layout are plenty of latest pieces from the collection, including the sculptural charm of the **Sally** armchair, the **Kenneth** storage unit and the **Pilotis** console, all by Rodolfo Dordoni.

A harmonious interplay of materials, shades and textures lends character to the atmosphere and creates a cosy and comfortable mood.
