25 YEARS IN PROGRESS. MINOTTI WITH RODOLFO DORDONI.

25 years of work and passion.

A quarter of a century shared in unison, with one common objective: to shape and evolve the Minotti style in the world.

Rodolfo Dordoni has accompanied the family with passion in this important design pathway.

Twenty-five years of alternating tastes, references, trends and fashions: the only constant is the Minotti style code which, like a common thread, has made the collection synonymous with aesthetic simplicity and timeless elegance, an imprint visible in the creativity, strategic guidelines, tradition and innovation that inspire it.

A value that goes beyond form and transforms itself into lifestyle: timelessness according to Minotti.
