

APRIL 2023

NEW GENERAL CATALOGUES

The new **General Catalogues** are now available at all Minotti flagship stores and authorised retailers.

A rich, carefully curated selection of the collection, divided into **4 volumes**, with a renewed graphic design: the first 3 volumes are dedicated to the indoor proposals, while the fourth brings together all the outdoor solutions, divided into the relevant product categories.

The new catalogues are developed through a sequence of evocative images, renderings and technical data sheets that highlight the peculiarities of the furnishing pieces, offering a series of unprecedented insights to guide customers and professionals in the design process.
