

ALEXANDER

DESIGN RODOLFO DORDONI

Inspired by rationalist and contemporary concepts, Alexander is a seating system with different forms that can be combined with each other. Squared and curved elements can be used together in the same composition to create areas with an intimate and enveloping atmosphere.

The arrangement depicted is just one example of the many different compositions possible with our seating systems. We suggest that you contact the nearest Minotti dealer to explore the options most suited to your needs and select the upholstery of your choice from the exclusive Minotti collection.
