

BRASILIA

MARCIO KOGAN / STUDIO MK27 DESIGN

Brasilia, designed by Marcio Kogan / studio mk27, has an ultra-precise, contemporary, minimal style, rooted in Brazilian modernism. A family of furniture with a highly innovative profile that reinterprets shapes from the past, transforming their apparent simplicity into a form of real beauty that conceals an intricately complex design concept: by juxtaposing different materials with strong powers of expression, it offers a new take on the distinctive style that identifies the Minotti brand. A design that looks to the future, made to stand the test of time and become a new classic.

The arrangement depicted is just one example of the many different compositions possible with our seating systems. We suggest that you contact the nearest Minotti dealer to explore the options most suited to your needs and select the upholstery of your choice from the exclusive Minotti collection.
