

PATIO

GAMFRATESI DESIGN

Having explored the use of woods, such as iroko and teak, with Patio, designed by Italian-Danish studio GamFratesi, Minotti proposes an unexpected mix of different materials: aluminium, wood, stone, cord. The outdoor seating system, with its highly versatile modularity, is conceived as a dynamic mosaic, composed of tesserae in simple geometric shapes, which can be pieced together as desired, and reconfigured to suit the available space and the mood to be created.

The arrangement depicted is just one example of the many different compositions possible with our seating systems. We suggest that you contact the nearest Minotti dealer to explore the options most suited to your needs and select the upholstery of your choice from the exclusive Minotti collection.
