

TORII BOLD

NENDO DESIGN

Torii Bold is characterised by the contrast between the large, softly rounded volumes of the upholstery and the lightness of the metal base structure on which it rests.

A family of seats created from the original iconic Torii design by Nendo studio, that retains the morphology of the backrest unchanged, while presenting a more solid and compact aesthetic: the two families dialogue harmoniously with each other in a clever interplay of full and empty volumes.

The arrangement depicted is just one example of the many different compositions possible with our seating systems.

We suggest that you contact the nearest Minotti dealer to explore the options most suited to your needs and select the upholstery of your choice from the exclusive Minotti collection.
