

# ALISON IROKO NATURE

RODOLFO DORDONI WITH ROBERTO MINOTTI DESIGN

Created in 2006 as the first furnishing piece of Minotti's outdoor collection, Alison Iroko evolves with an additional finish that makes it even more natural and easy to blend into green and open-air spaces.

When combined with the other elements in the collection, the value of this seating system as a timeless piece is clear, and, thanks to its very strong identity, becomes an icon of outdoor furniture, lending itself to various possibilities in terms of how it is configured, mixed and matched.

The arrangement depicted is just one example of the many different compositions possible with our seating systems.

We suggest that you contact the nearest Minotti dealer to explore the options most suited to your needs and select the upholstery of your choice from the exclusive Minotti collection.
