

RILEY

HANNES PEER DESIGN

A sinuous geometric pattern defines the identity of the Riley seating system by Hannes Peer. With a timeless aesthetic, characteristic of Minotti's stylistic language, it is defined by the architect as "a dynamic and versatile design that interprets the embrace of two perfectly complementary souls, balanced between restraint and expressiveness, rigour and ease, permanence and fluidity. One is distinctly architectural, outward-facing, while the other is softer on the interior, featuring a strong decorative sign that extends an invitation to relax."

The arrangement depicted is just one example of the many different compositions possible with our seating systems. We suggest that you contact the nearest Minotti dealer to explore the options most suited to your needs and select the upholstery of your choice from the exclusive Minotti collection.
