

SAKI OUTDOOR / SAKI CORD OUTDOOR

NENDO DESIGN

The open air version of the organic Saki indoor seating system, designed by Nendo, is available with sleek lacquered panels, Saki Outdoor, or with panels featuring a wicker-effect woven cord design, Saki Cord Outdoor: both seating families offer a wide variety of finishes, and can be combined to give the furnishing pieces a sophisticated aesthetic and a strong personality.

Thanks to the sinuous shape of the backrest and armrest panels, Nendo evokes the image of blooming flowers, or "Saki" in Japanese, from which the system takes its name. The soft seat offers extreme comfort, further emphasised by enveloping back cushions, gently resting on the petal-shaped panels.

The arrangement depicted is just one example of the many different compositions possible with our seating systems.

We suggest that you contact the nearest Minotti dealer to explore the options most suited to your needs and select the upholstery of your choice from the exclusive Minotti collection.
