APRIL 2015

MINOTTI NEW YORK - LAUNCH OF 2015 COLLECTION

On the heels of its successful presentation at the Salone del Mobile furniture show in Milan, the 2015 Collection, coordinated by Rodolfo Dordoni (as were the previous collections) is now being readied for its launch on the US market with an event at the Minotti New York Showroom on Friday, May 15, concurrent with the opening of the ICFF.

Among the most compelling products in the new collection, are the new Yang, Seymour and Seymour Lounge seating systems, accompanied by elegant accessories like the Elliott and Catlin coffee tables.

The entire space was completely renovated, with a new layout that flawlessly integrates the new collection with the best-selling pieces from previous collections, in a balanced and elegant composite of the brand's style.
