

Minotti

AUGUST 2017

"MINOTTI LIFESCAPE" CONSUMER CATALOG

Now available at authorized dealers, the updated version of the "Minotti Lifescape" consumer catalog is filled with all the latest outdoor innovations presented at the Salone del Mobile furniture show in Milan.

The Florida seating system with its curved shapes and soft lines, the Halley "Outdoor" family, the Colette "Outdoor" armchair and many complementary pieces all work together to create versatile, party-ready rooms in which to entertain friends and family outdoors all year-round.

The 2017 Outdoor Collection brilliantly blends inviting shapes, materials and colors, set in eye-catching ambiances that convey a sense of energy and encourage light-hearted conversation. It is the tangible expression of a global vision that places the continuity between indoors and outdoors at the core of the design project.
