

NOVEMBER 2017

THE NEW CONSUMER CATALOGUE IS AVAILABLE FROM ALL AUTHORIZED DEALERS

Available now from authorized dealers and stores, the new edition of the consumer catalogue introduces a finely-crafted selection of the latest innovations and the most compelling products from the extensive Minotti collection.

The magnificent opening photo gallery is dedicated to the 2017 Collection, launched in April at the Salone del Mobile in Milan, coordinated entirely by Rodolfo Dordoni, that also includes some pieces by French designer, Christophe Delcourt.

Special focus is placed on the Lawrence, Jacques and Pollock seating systems, on the Jacques and Colette armchairs and on the many coordinating accessories.

The next section of the catalogue showcases the images most exemplary of the entire collection. It is divided into product categories for easy consultation – from seating elements to tables, bookcases to cabinets, sideboards and beds.

An indispensable tool, filled with elegant new furnishings and sophisticated decor solutions designed to inspire and to offer unique ideas and influences through the unexpected combinations of shapes, colors and materials.
