DICEMBRE 2019 IMPORTANT ACCOLADES FOR THE DESIGNS OF THE 2019 COLLECTION

Just a few months after making their debut at Salone del Mobile.Milano 2019, the **Tape Cord Outdoor collection**, the **Quadrado collection** and the **Jeff low table** have become the winners of the prestigious **EDIDA**, or Elle Deco International Design Awards, in the local editions in Ukraine, Japan and Germany.

The furnishing solutions of the 2019 Outdoor Collection picked up two nominations: **Tape Cord Outdoor** designed by **nendo** and **Quadrado** by **Marcio Kogan / studio mk27**, respectively in the **Ukrainian** and **Japanese** editions.

Instead, the swivel low table **Jeff** designed by **Rodolfo Dordoni**, with its bold identity and oversize dimensions, was named winner of the **German** edition in the "Furniture" category.

The candidates in the running for the final awards, proposed by the various local editions, represent the best designs in the world and the most interesting, popular designers on the international scene. They will be judged by the editors of the *25 Elle Decoration* magazines around the world and will receive the awards during a special event to be staged during Salone del Mobile.Milano next April.

Three important accolades bestowed on Minotti by the international design community, which pay tribute to the company's undisputed prowess in the areas of design and fine craftsmanship and to its partnership with designer Oki Sato / nendo and architects Rodolfo Dordoni and Marcio Kogan / studio mk27.
