MATTIA WINS AT THE WALLPAPER* DESIGN AWARDS 2021

The **Mattia** sofa wins the **Wallpaper*** Design Awards 2021 in the **Best Curves** category.

A new take on a 1970s design concept taken from the Minotti Archive and revisited by **Rodolfo Dordoni** in collaboration with Minotti Studio, Mattia enriches the **2020 Collection** with its curved forms and invitingly soft, enveloping seat.

The three-seater sofa is part of a wide range that also includes a fixed base armchair, a swivel lounge armchair and many round, rectangular and square coffee tables, available in different sizes and heights.

The prestigious title awarded by the leading British magazine - a roll of honour celebrating the places, products and people who represent the best of the past year - pays tribute to the brand's consolidated partnership with Milanese architect and designer Rodolfo Dordoni, forged over 20 years ago, and is an important endorsement of Minotti's creativity and design skills.
