

APRILE 2021 THE 2020 COLLECTION GOES TO KUALA LUMPUR

Sophisticated, elegant settings, warmed up by panelling in moka-coloured chestnut, alternating with walls painted in the characteristic Minotti grey, welcome the **2020 Collection** at the **Minotti Kuala Lumpur** by **XTRA Furniture** flagship store.

Located in The Gardens Mall, an exclusive shopping haven, the store features an original irregular layout and a long concave window that reveals the quality and elegance of the brand's furnishing solutions at first glance, inviting guests to discover the world of Minotti.

The brightness of the interiors, accentuated by the shiny resin floors in the shade of Warm Grey, and by the impressive columns painted in glossy white lacquer, duets with the sophisticated palette of neutral colours sported by the furniture. In the selection on display, two of the most distinctive seating systems from the 2020 Collection stand out: **Connery** by Rodolfo Dordoni and **Torii** by Nendo, whose discreet shades create a charming contrast with the wall in Travertine marble at the back.

An elegant display project that reflects the brand's creativity and accurately conveys the unique flair of the Minotti furniture.
