

SEPTEMBER 2021

THE 2021 COLLECTION COMES TO PARIS FOR THE PARIS DESIGN WEEK

In the heart of the iconic Saint-Germain-des-Près district on the Rive Gauche, Minotti showcases a refined indoor setting in the exclusive window of **Silvera** on Boulevard Saint-Germain.

The absolute protagonist of the space is the **Roger** seating system by **Rodolfo Dordoni**, here presented in a corner configuration, accompanied by a **Belt** armchair, again by **Rodolfo Dordoni**, and by the **Superquadra** storage unit by **Marcio Kogan / studio mk27**, all enhanced by a selection of accessories.

An eye-catching presentation, on show until December 2021, that celebrates the debut of the **2021 Collection** in France, as well as the most important annual design appointment in Paris.
