

NOVEMBER 2021

MINOTTI @ DOWNTOWN DESIGN DUBAI 2021

Minotti has renewed its presence at **Downtown Design Dubai**, from 8 to 12 November, in collaboration with **Aati**, exclusive Minotti authorised dealer in the United Arab Emirates.

During the event, Minotti presented the **2021 Collection**, coordinated by **Rodolfo Dordoni** with **Minotti Studio**, in a sophisticated exhibition space with an intimate and elegant atmosphere reflecting the architecture and the signature styles of the new collection, characterised by a series of living, dining and open-air settings.

One of the protagonists of the space was the innovative **Roger** seating system, accompanied by the **Belt** armchair, while the nearby dining area hosted the **Marvin** table and **Belt** dining little armchairs, all designed by **Rodolfo Dordoni**. The **Superquadra** sideboard and vertical cabinet by **Marcio Kogan / studio mk27**, as well as the **Torii Nest Outdoor** dining little armchairs by **Nendo** completed the display.

In the background, a large screen guided visitors to discover "**The Villas**", the 2021 virtual Hospitality project designed by Minotti Studio, conceived to underline the eclectic personality and versatility of the collection, both in indoor/outdoor residential and hospitality settings.
