

SEPTEMBER 2022

MINOTTI HYDERABAD BY MEZTLI

The **Minotti Hyderabad** by **MEZTLI** flagship store offers professionals and design enthusiasts an exclusive destination with a versatile proposal that perfectly expresses the international dimension of the Minotti project.

The store is located near the Convention Centre in the Indian city, a well-known hub for the technology industry and home to various exclusive restaurants and shops.

A portal in wood and bronzed metal, custom-designed by **Minotti Studio**, marks the entrance to the space: having passed a small entrance foyer housing a selection of outdoor furnishing pieces, visitors enter the actual display space. Here they are welcomed by a mirrored wall with recessed LED monitors, which acts as a spectacular partition between the two halves of the shop.

Cement resin floors and a ridge of tobacco-coloured wooden slats that crosses the entire space on the ceilings, becoming a natural connecting element between the two wood, bronze and stone fireplaces, act as a backdrop for the furnishing pieces of the recent Minotti Indoor and Outdoor collections, they recall the atmospheres of the showroom at the company's headquarters.
