

OCTOBER 2023

2023 COLLECTION ON TOUR: MINOTTI MEXICO CITY

The **Minotti Mexico City** by **Hajj Designless** flagship store welcomes the elegance of the furnishing pieces from the **2023 Collection**, in a renewed showroom layout distinguished by a typically Latin American charm.

The proposed settings, by **Minotti Studio**, are enhanced by a clever alternation of colours and natural materials, such as wood, marble and stone, which convey a warm feeling, in perfect harmony with the architecture of the space.

Inside, two living islands feature the new **Dylan** modular seating system, together with the **Sally** armchairs, and the **Goodman** modular seating system - all designed by Rodolfo Dordoni - flanked by an informal dining area that hosts the refined lines of the **Raphael** family of seats by GamFratesi.

The indoor area opens its doors to the warmth of the outdoors, surrounded by greenery, which hosts a carefully chosen selection of the brand's best-sellers, including the **Florida** seating system by Rodolfo Dordoni, the **Yoko Cord Outdoor** armchairs by Inoda+Sveje, the **Patio** seating system and the **Fynn Outdoor** seats by GamFratesi, the latter arranged around the **Quadrado** table designed by Marcio Kogan / studio mk27.

The well-balanced combination of colours, textures and natural elements provides the perfect backdrop for the latest novelties, merging the brand's contemporary style with the Mexican spirit.
