

JULY 2016

"MINOTTI LIFESCAPE" CONSUMER CATALOGUE

The updated consumer catalog dedicated to the Lifescape outdoor collection is now available from authorized dealers. The new Indiana and Virginia "Outdoor" series, both featuring structure in luxurious solid iroko wood, sparked keen interest when they debuted at the Salone del Mobile in Milan in a brilliant setting designed to shine the spotlight on the outdoor collection. In addition to the latest 2016 innovations, the catalog offers a lavish photo gallery that highlights the best in all the products in the collection.

Through the Lifescape collection, Minotti introduces an innovative concept in which a fluid, creative and cohesive dialog takes place between the "ins" and "outs" of the perfect Minotti home.
